

AVON

UK Avon Smart Watch

Thank you for purchasing your NIKO SMART WATCH. Your tracker has a variety of features to get to know. This short guide will have you up and running in no time!

COMPATIBLE WITH APPLE IOS 8.0
COMPATIBLE WITH ANDROID

OPERATION INTRODUCTION

- You can twist your wrist or press the touch key to illuminate the screen.
- Press the touch key to switch main menu interface.
- Long press the touch key to confirm actions.

GESTURE CONTROL

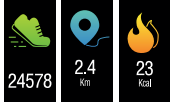

You can set the gesture control style on the AvonSmartV2 app within advanced settings. Twisting your wrist will illuminate the screen.

TIME SCREEN

The screen will display time, date, battery status, & Bluetooth connectivity icon.

STEPOMETER

The band will record your daily activity automatically. Press the touch key to switch between steps, calories and distance.

SPORTS

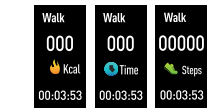

Long press the touch screen button to enter more exercise functions. The band has four sports options:

- Walk • Running
- Climbing • Cycling

You can choose the mode you need, after your activity, the band will record your sports data.

After your exercise, you can press the touch screen to stop your movement and save it. Note: If the activity time is less than one minute, the data will not be recorded. From settings & goals in your app you can set activity goals to work toward.

MESSAGES

Press the touch button to switch to the message interface. Press the touch button to enter the message view. The band will alert you to incoming calls, SMS, Wechat and Whatsapp message notifications

ALARM & ALERTS

From reminder at the bottom of the home screen of the app, you can add additional reminders such as wake up alarms, medication alerts etc.

DRINK ALERTS

From advanced setting within the app you can set reminders to ensure you stay hydrated throughout the day.

MORE

Long press the touch button to enter the function menu. There is an About, Power Off & Find Your Phone option.

KEEP ACTIVE

From advanced setting within the app you can set reminders to ensure you stay active throughout the day.

FIND PHONE

Once the band is connected to AvonSmartV2, the find phone feature will be available. Access via sub menu and then more. Long press the touch key and your phone will sound a locator alarm. To find your tracker from your phone, select find device from settings menu.

ABOUT

Long press the touch button, you can check your bands address, device name and system version.

SLEEP

From settings & goals you can set a sleep target. Access your sleep data via today at the bottom of the home screen of the app.

CAMERA

Once the band is connected to AvonSmartV2, the take photo feature will be accessible through your settings on the app. By selecting take photo, you can take an image on your camera phone by pressing the touch button from your watch. The photo will automatically save onto your phone gallery for Android devices, or the option to save / retake on iOS device.

HOW TO CARE FOR YOUR ACTIVITY TRACKER

Don't wear your activity tracker whilst applying sprays or creams. Do not allow contact with any corrosive agent (e.g. paint, solvents or adhesives as this may affect the case and finish). Do not immerse in water. Do not try to replace or disassemble battery.

PLEASE NOTE

The Niko Watch product is not a toy. Some Niko Watch products contain small components that could be a choking hazard, and are not intended for use by small children below 6 years of age. Niko Watch products are not intended for use by pets.

The accuracy of the Niko Watch product and services is not intended to be equivalent to medical devices or scientific measurement devices. Whilst the tracker will assist with your health goals, it is never intended to replace advice given by your healthcare professionals. Always consult your doctor before starting a diet or exercise regime.

Niko Watch should only be used under parental supervision.

Please note AvonSmartV2 app may have a heart rate feature, however this is not supported by the Niko Watch.
